[12:29] <theycallmejimbob> I haven't seen the vids for Sonic Forces yet is the game good dspHm

[12:31] <blue_blur64> It's at least decent

[12:31] <blue_blur64> Some people just overblow the negatives to make it sound worse.

[12:31] <darksydephil> i'm up to 304 subs!

[12:31] <thesupervillain543> whats up early fam

[12:31] <darthradovanviking> congrats :)

[12:32] <darksydephil> i seriously didnt pay attention

[12:32] <theycallmejimbob> dspShock

[12:32] <darksydephil> thats the new record!

[12:32] <blue_blur64> Natural twitch growth :P

[12:32] <thesupervillain543> as a result

[12:32] <thesupervillain543> we should get the drunken christmas stream

[12:32] <thesupervillain543> i miss your drunkthrouhgs

[12:32] <thesupervillain543> *throughs

[12:34] <bionich00t> Congrats Phil

[12:34] <bionich00t> Most people who do Twitch full time don't get that many subs

[12:34] <theycallmejimbob> only 46 subs to go before a new emote VoHiYo

[12:35] <takumibun> Phil killed Jason

[12:35] <takumibun> true facts

[12:35] <bionich00t> I hope Phil agrees the best alcohol is a molt whiskey

[12:35] <theycallmejimbob> dspShock haven't heard this one before

[12:35] <darksydephil> actually its 40 more subs bc i already have 310 sub points from a few tier 2 subs that give more

[12:36] <odddishh> Heavy Rain remix! I havent heard this in YEARS. Loved that playthrough man. AHH Lamp Sttack!

[12:36] <takumibun> Phil if you created this remix I'll give you props PogChamp

[12:36] <bass619> yikes

[12:37] <nightbot> ratchefan12 just tipped \$5.00

[12:37] <theycallmejimbob> falcon punch Pooooound KAPOW

[12:37] <odddishh> I used to play this song more than a person should

[12:38] <theycallmejimbob> going back in time VoHiYo

[12:38] <donkyschlong69> phil for american idol?

[12:38] <wxrxaxtxh> anyway to extend trails on ea access?

[12:39] <sonicwe> phil beats this in 2 hours

[12:39] <takumibun> We need a MGS3 remix PogChamp

[12:39] <sonicwe> so much extra stream time

[12:39] <bionich00t> This game is shit though, I just enjoy Phil's gameplay for it

[12:39] <wxrxaxtxh> i guess not

[12:39] <bionich00t> This is the worst Sonic game since Boom imo

[12:39] <sonicwe> its not shit just disappointing

[12:39] <coeyse> I thought it was great

[12:39] <sonicwe> boom was broken

[12:39] <donkyschlong69> next: "thugs on the floor" or "everybody in this games uses dual shooty"?

[12:40] <bionich00t> It's really bad. Very short, too easy, terrible story, most of the music is annoying dance music.

[12:40] <sonicwe> and not finished

[12:40] <bionich00t> Phil's gameplay is the saving grace

[12:40] <blue_blur64> Not even close Bionic xD

[12:40] <bionich00t> I'm a big fan of Lost World so what do I know I guess

[12:40] <coeyse> Boom was a complete mess but Forces was really fun. It had a few small moments where the level design wasn't too great, but I really liked the story and music.

[12:40] <theycallmejimbob> I spawn I die is probably my favourite of the bunch dspHmm

[12:40] <blue_blur64> I like Lost World too

[12:40] <sonicwe> have you played a sonic game

[12:40] <coeyse> Game was a little easy sure but most modern Sonic games have been. There were a few moments that challenged me, but yeah.

[12:40] <bionich00t> Lost World had the best story by a mile

[12:41] <sonicwe> this is just short

[12:41] <bionich00t> Eggman and the Deadly Six were underrated in Lost World

[12:41] <donkyschlong69> tig bittys

[12:41] <sonicwe> lost world was bland

[12:41] <bionich00t> This game doesn't even have boss fights for all the villains they advertised.

[12:41] <coeyse> Lost World was good but I didn't care for the writing, it was a little TOO Saturday morning cartoon-y

[12:41] <blue_blur64> Eh, I disagree on story. The Deadly Six were too one dimensional

[12:41] <coeyse> Oh yeah that was disappointing for sure

[12:41] <bionich00t> You got to admit the Lost World story is better than this

[12:41] <howlingwolfjoey> Finally, a Sonic game. Better than a Mario game. >:3

[12:41] <coeyse> Lost World was really fun aside from the level design feeling a little experimental

[12:42] <blue_blur64> Not really Bionic. I was getting tired of pure comedy that Lost World, even with its dark points, was.

[12:42] <takumibun> "this is not Sparta, fuck your motha"

[12:42] <comfrtblynumb> what

[12:42] <takumibun> so done

[12:42] <comfrtblynumb> is

[12:42] <coeyse> Forces was a good mix between Generations/Colors and Lost World but I do agree on the length. A lot of elements really could've been gone into depth, plotwise

[12:42] <comfrtblynumb> this

[12:42] <theycallmejimbo> slaps howlingwolfjoey with a large trout SabaPing

[12:42] <donkyschlong69> Its Phils audition mix for american idol.

[12:42] <theromanspartan> Not gonna lie... still better than the PS4 music.

[12:43] <blue_blur64> Yes, the length everyone can agree on. But seeing how much I've been replaying these stages collecting everything (and not turning off the radio for anything) says something

[12:43] <takumibun> @theromanspartan true

[12:43] <blue_blur64> on how much fun I'm having

[12:43] <coeyse> Forces could really use some more stuff; I totally agree on that. I wish they gave us a bit more because grinding for the ranks and outfits feels a little shallow when there's not even that many levels, otherwise I adored the game.

[12:43] <bionich00t> @blue_blur64 Eh, I didn't mind a newer, darker direction that Forces was supposed to take, but it's horribly executed. Lost World is light hearted but executed well imo

[12:43] <howlingwolfjoey> @theycallmejimbo Oi! >:T *slaps @theycallmejimbo with a bass*

[12:43] <theycallmejimbo> dspShock

[12:43] <coeyse> Forces has good tone. Personally my favorite tone was the ones the Genesis games had and the one that the Adventure games had.

[12:43] <comfrtblynumb> BRAVOOOO

[12:43] <blue_blur64> I'm actually about to collect the last red rings now

[12:43] <bionich00t> Every Deadly Six gets boss fight(s), and Eggman's hijacking of the plot is refreshing, unlike in this game.

[12:43] <takumibun> MORE REMIX

[12:43] <donkyschlong69> noooooo, more music

[12:43] <coeyse> Adventure 2 was hilarious with how batshit and over-the-top it was.

[12:43] <theycallmejimbo> hello hello dspPepe

[12:43] <heybosspossi> dspPepe

[12:44] <sonicwe> lost world tried too hard and the deadly six were1d af

[12:44] <sonicwe> infinite is better than all of them

[12:44] <theycallmejimbo> I thought everyone calls him Dave dspHm

[12:44] <elipsion> No we call you Dave

[12:44] <bionich00t> Lost World are the best Sonic characters in decades

[12:44] <takumibun> PHILLY

[12:44] <jesseplaysz> is sonic forces worth buying?

[12:44] <theromanspartan> Philiam P.B., Big Papa Phily B

[12:44] <kekon3> I call you that all the time obviously Kappa

[12:44] <bionich00t> Deadly Six has some worse characters but I found them more fun overall than Infinite, there's 6 of them

[12:44] <vendatus> Phil did you get the free episode shadow dlc? LUL

[12:44] <sonicwe> no the hard boiled heavys are better

[12:44] <coeyse> I liked Infinite a lot but he needed to be gone into a bit more, plotwise

[12:44] <theycallmejimbo> going back in time VoHiYo

[12:45] <odddishh> Oh lamp Attack!!

[12:45] <blue_blur64> he did Vendatus

[12:45] <bionich00t> How are Hard Boiled Heavies not one dimensional

[12:45] <sonicwe> they don't talk

[12:45] <coeyse> What? Why would they not be one-dimensional? There's basically no dialogue in that game.

[12:45] <howlingwolfjoey> It should've been Deadly Seven. T_T

[12:45] <vendatus> SeemsGood

[12:45] <coeyse> Same with the Genesis titles.

[12:45] <takumibun> GIVE THIS CREATOR AN OSCAR

[12:45] <nightbot> TakumiBun -> Please do not abuse capital letters, thank you. [warning]
[12:45] <theromanspartan> It's a good change.
[12:45] <cobrastrike09> cheer100 Saturday Stream Hype
[12:45] <bionich00t> Just saying, Heavies and Deadly Six are both "one dimensional," but Deadly Six have more depth.
[12:45] <ellich86> !uptime
[12:46] <coeyse> I liked the Deadly Six. They were fun enough. Honestly I just kind of like Sonic; not a huge fan of overly goofy and lighthearted but I'm fine with whatever direction they start to take the series with. Forces showed a lot of potential and I'm hoping they continue with it and improve on it.
[12:46] <donkyschlong69> btw. Today is SinglesDay. Congrats to every free man.
[12:46] <sonicwe> depth noo
[12:46] <vendatus> LUL
[12:46] <theycallmejimbob> 4 hours dspShock
[12:46] <theromanspartan> \$60?
[12:46] <takumibun> 4 hours ResidentSleeper
[12:46] <bullitclub> Phil, have you ever lived in the southern part of the U.S?
[12:46] <howlingwolfjoey> I wanna know who's the 7th member in the Deadly Six. _3_
[12:46] <sonicwe> they are legit nothing more than stereotype to the max
[12:46] <bionich00t> Phil you NEED to play Episode Shadow it explains key parts of the plot that make no sense otherwise, and it's WAY HARDER than the main game.
[12:47] <theromanspartan> Ah, \$40.
[12:47] <jesseplaysz> I don't know what to get for switch. SONIC FORCE'S or L.A Noire? it's hard to pick.
[12:47] <theycallmejimbob> gotta go fast dspShock
[12:47] <theromanspartan> Honestly, they likely just wanted to get it out before Christmas.
[12:47] <drilbit777> @Jesseplaysz LA Noire definitetly
[12:47] <ellich86> NoiNoire imho
[12:47] <drilbit777> At least LA Noire is a good game
[12:47] <vendatus> LA Noire easy pick LUL
[12:47] <coeyse> Honestly I can't get too upset with Sonic. The only really "offensively bad" game was 06 and even then that one could've been fun enough if the gameplay wasn't as repetitive and the bugs weren't as messy.
[12:47] <drilbit777> I got doom and la noire on switch
[12:47] <takumibun> @jesseplaysz if you like Nintendo then get Sonic
[12:47] <ellich86> not necessarily good
[12:47] <bionich00t> LA Noire is a movie so Sonic Forces
[12:47] <stryderhazuki> People should go and watch the Extra Life Children's Charity stream and give money to the kids over this manchild.
[12:47] <coeyse> I still enjoyed myself when I played 06, but not as much as I could've if I were playing another title.
[12:47] <theycallmejimbob> around 46 dollars for me dspPepe
[12:47] <ellich86> but better than sonic forces LUL
[12:48] <vendatus> WutFace
[12:48] <jesseplaysz> Alright the I'm sold. I'm picking up L.A NOIRE this Tuesday. Wish Phil would play it on stream.
[12:48] <heybosspossi> play doom on the switch kappa
[12:48] <takumibun> WutFace
[12:48] <kekon3> Sonic forces is a million times over a train wreck and that made it fun to play
[12:48] <coeyse> Sonic 06 better than Forces? Oof, I wouldn't say that at all. People are always really rough on Sonic titles, but I suppose they do tend to have a few glaring flaws usually.
[12:48] <vendatus> the dŸ!Ž
[12:48] <kekon3> wait, I mean sonic 06
[12:48] <takumibun> WWII PogChamp
[12:48] <bionich00t> 06 is better than Forces. It has about 10x the content, a lot of bugs, but Forces plays like a

mobile game

[12:48] <theromanspartan> L.A Noire is basically an interactive season of law and order. Kappa

[12:49] <ratchefan12> hey stryder eat ban

[12:49] <howlingwolfjoey> Sonic forces>>>>Mario

[12:49] <sonicwe> 06 and boom are crap

[12:49] <theromanspartan> I mean, it's fun, but the gameplay is extremely shallow.

[12:49] <sipoitghyujko> !schedule

[12:49] <nightbot> Nov. 11: Sonic Forces at 12:30pm PST! Then more Assassin's Creed Origins at 7:30pm PST!

[12:49] <drilbit777> Sonic forces isnt much better either lol

[12:49] <coeyse> I dunno personally I really liked Sonic Forces, but yeah we all got different tastes and I think that's cool.

[12:49] <drilbit777> Sonic forces pretty much plays itself

[12:49] <takumibun> AC ResidentSleeper

[12:49] <bionich00t> I mostly think if you like Forces, it's because you like the character creator, no?

[12:49] <drilbit777> At least mania let you actually play the game

[12:49] <jesseplaysz> I never played L.A NOIRE when it came out last generation

[12:49] <blue_blur64> And I've gotten all of the red rings in Forces now :D

[12:49] <jesseplaysz> Can't wait for it thou

[12:50] <sonicwe> oc maker is ok but a bit much

[12:50] <jesseplaysz> wonder if Rockstar will port RDR2

[12:50] <coeyse> I was actually really uncomfortable with the idea of making a Sonic OC at first but then I ended up really liking him

[12:50] <vendatus> course Sledgehammer thought they were doing Advanced Warfare 2 till Activision said wrong you bitches doing WW2 LUL

[12:50] <jesseplaysz> on switch

[12:50] <theromanspartan> Rockstar knows how to write a good story, you'll like it for sure. If you're expecting good gameplay though, you'll be disappointed.

[12:50] <hardybuck4> how many q&a videos?

[12:50] <theycallmejimbob> Mario VoHiYo

[12:50] <eternia_forever> Change is a coming ahhhhhhhhhhh haaaaaa dspPepe dspHmm :D

[12:50] <blue_blur64> I'm currently using a biker cat xD

[12:51] <blue_blur64> Wasn't even intending on it, just happened to make that combination of clothing xD

[12:51] <bionich00t> Phil should play DRV3 eventually. It's really good, as good as DR2. I know he's burnt out on Danganronpa but I think he'd really enjoy this game.

[12:51] <howlingwolfjoey> *slaps @theycallmejimbob with a bass* >:T

[12:51] <coeyse> My OC is a red cat with kamina shades

[12:51] <sonicwe> phil your almost done anyway

[12:51] <eternia_forever> wheres this poll ?

[12:51] <vendatus> So apparently people liked Justice League LUL

[12:51] <bionich00t> There's only 30 levels

[12:51] <ratchefan12> twitter

[12:51] <ccous666> go back to tekken 7 man

[12:51] <majinboo3> Danganronpa V3 is weird as hell

[12:52] <theycallmejimbob> I thought you were gone howlingwolfjoey NotLikeThis

[12:52] <sonicwe> ugh Dr v3 pissed off

[12:52] <theromanspartan> Meh. They do get good views though.

[12:52] <sonicwe> me

[12:52] <flamingmangos> Yo PHIL

[12:52] <flamingmangos> You gonna do Xenoblade chronicles 2?

[12:52] <bionich00t> I haven't seen the end of DRV3 yet, almost there

[12:52] <bionich00t> Just hoping the ending isn't too weird and it'll be great!

[12:52] <theromanspartan> You're better than me, I would have just said fuck it.

[12:52] <theycallmejimbob> NFS seems to be winning so far with 35% of the vote Horizon in second with 30% dspHm

[12:52] <majinboo3> Racing games are always funny as hell with phil

[12:52] <paddingtonbear187> nfs will make for a funny playthrough TPFufun

[12:52] <howlingwolfjoey> @theycallmejimbob fool, you know i'll never turn down a sonic game

[12:53] <sipoitghyujko> he dont play jrpgs @FlamingMangos

[12:53] <eternia_forever> NFS winning @DarksydePhil 35 -30

[12:53] <theycallmejimbob> my bad howlingwolfjoey NotLikeThis

[12:53] <jesseplaysz> it been awesome if he plays horizon thou

[12:53] <theycallmejimbob> Phil can still make an executive decision dspHm

[12:53] <jesseplaysz> the frozen wild is great

[12:53] <coeyse> @howlingwolfjoey Woah you have the same curse? I gotta play all of the new Sonic games, too! PogChamp

[12:53] <eternia_forever> @theycallmejimbob ahhhhhhhhh haaaaaaaaaaaaa good day my friend

[12:53] <flamingmangos> Phil played the tales game though

[12:53] <jesseplaysz> then what's the point of the poll Phil?

[12:53] <flamingmangos> I think xenoblade chronicles will make a good playthrough.

[12:53] <sonicwe> dot hack gu is better

[12:53] <theycallmejimbob> hey Eternia_Forever good sir hope you're having a good weekend.

[12:53] <noobrydar> dspEw

[12:53] <sipoitghyujko> he dont play jrpgs anymore

[12:53] <bionich00t> Phil should play Xenoblade 2, he'd love it

[12:54] <majinboo3> Phil hates 200 hour jrpg

[12:54] <majinboo3> they arent good for playthroughs

[12:54] <howlingwolfjoey> @Bionich00t blese no spoilers for V3 for phil

[12:54] <sonicwe> bersiera is great zestria is shit

[12:54] <bionich00t> DRV3 is hard to spoil because no one would believe you if you told them the batshit spoilers

[12:54] <majinboo3> Hateful truth son

[12:54] <howlingwolfjoey> @CoeySE what curse?

[12:54] <eternia_forever> @theycallmejimbob yes very good sir the stream was up in opens wondering were you were yesterday ...

[12:54] <haseox4> Sup fellow chat people

[12:55] <bionich00t> sup

[12:55] <thesupervillain543> wait i thought he was streaming at 1230

[12:55] <majinboo3> didnt the homefront review get a million views?

[12:55] <theycallmejimbob> :D I doubt that Eternia_Forever but I'm glad you're having a good weekend

[12:55] <jesseplaysz> I like those review's. bring them back man. I think they'll gain traction.

[12:55] <bionich00t> phil you need to do more editing

[12:55] <bionich00t> That's the only way with how youtube works nowadays

[12:55] <comfrtblynumb> you don't have to put that much effort, just talk to the cam about what you think about the game

[12:55] <alex_dragonul> Dam a miss POP , where are they man , we need a sequel to the 2008 one , enough with the AC

[12:56] <comfrtblynumb> editing doesn't work pfor phil

[12:56] <theromanspartan> YouTube for gaming is basically dead at this point.

[12:56] <bullitclub> editing is gruesome. However, learning it, is fun.

[12:56] <haseox4> Phil did say he does a mini review when he finishes a game

[12:56] <theycallmejimbob> dspHm

[12:56] <darthradovanviking> except patreon phil

[12:56] <hardybuck4> why not put your review at the end of your PLAYTHROUGH?

[12:56] <darthradovanviking> if you where a game rewiver people would maybe support that aspect with you on

patreon

[12:57] <sipoitghyujko> its not supposed to be fun tho

[12:57] <bullitclub> maybe reviews could be for patreon exclusives.

[12:57] <alex_dragonul> YT is shitty now for gaming

[12:57] <jesseplaysz> I really wish he do reviews. its ashame he won't thou boogieSad boogieSad

[12:57] <namelessmustache> no money = no fun

[12:57] <theycallmejimbob> dspPepe

[12:57] <theromanspartan> I doubt Phil could really establish himself like that today.

[12:57] <jesseplaysz> true

[12:57] <theromanspartan> Game reviewers on YouTube are a dime a dozen.

[12:57] <eternia_forever> Phil forget about putting a ton of effort into reviews , Sit on your couch do a 15 - 20 minute thoughts/review on a game . And put that up on youtube old school style with no gameplay in review.

There you go problem solved ... cheer150

[12:57] <butter__my__bread> playing games and having fun on stream is the narrative now folks

[12:58] <sipoitghyujko> its called work sir

[12:58] <dinhans> he can upload a review a another media like vimeo, vidme

[12:58] <hardybuck4> put reviews at end of your playthrough

[12:58] <bullitclub> It would be cool if you could do one review a month for patreon. Have people vote which game they wanted you to review.

[12:58] <comfrtblynumb> stop this ugly brainstorming

[12:58] <kinggoken> the best damn stream on TWITCH :)

[12:58] <bionich00t> ...

[12:59] <butter__my__bread> Sounds good Phil.=)

[12:59] <dinhans> can you make a little review for youtube, but for patreon a big review

[12:59] <theycallmejimbob> good call Eternia_Forever dspHmm

[12:59] <hardybuck4> your changing too ðŸ˜ˆ

[12:59] <darthradovanviking> I wish you where like you used to be :(cheer151

[12:59] <dooley258> cheer200

[12:59] <jesseplaysz> do pro's and con's after your done with a game at the end of your playthroughs

[12:59] <kinggoken> dsp is right people

[12:59] <flamingmangos> Why does Phil hardly address what a lot of people say here? You know, just communicate with the viewers and answer some questions. Just notice them you know? It's a stream but it just seems pre recorded.

[12:59] <heybosspossi> cheer700 thugs on the floor we got thugs on the floor

[12:59] <majinboo3> Because mangos he doesnt want to interact with trolls like you

[12:59] <kinggoken> he does address viewers @FlamingMangos

[12:59] <allntzz> DS-gung-ho-Phil LUL

[12:59] <eternia_forever> @Kinggoken once again i thank you sir you are to kind :D

[12:59] <theromanspartan> You can tell when he's reading the chat.
